THE SPACES

THE CHAPEL

Well hidden within the Abbey, our Chapel has been built on the estate during the 11th century... No longer sacred, it has retained its charm, its authenticity and his soul. It is now available to you for a secular ceremony in complete privacy.

THE PATIO

Lush with vegetation, authentic with its natural stone pavement, and serene with the gentle sound of its fountain... The grand Patio, the true heart of The Abbey, is adorned with a transparent orangery, free of walls, allowing for an enchanting open-air dinner under the stars!

For the occasion, we transform our dining room adjacent to the Patio into a dance floor to continue your celebrations.

A still life photograph of a dining table setting. In the center, a white napkin is folded and tied with a piece of light brown twine, which is also wrapped around a small bouquet of white baby's breath flowers. Surrounding the napkin are pieces of silverware: a spoon to the left, a fork at the bottom left, and a knife to the right. A clear glass is visible at the top center. In the upper left corner, there is a small, tied burlap bag. The entire scene is set against a light, neutral background.
